SECOND REQUEST FOR CORRECTED FILING RECEIPT

Sir:

Applicants hereby respectfully requests a corrected filing receipt as follows:

(1) The application was filed with an unexecuted Declaration asserting both a claim to the earlier effective filing date of International Application No. PCT/SG00/00046 under 35 U.S.C. 120 and priority from the 7 April 2000 filing date of that same application under 35 U.S.C. 119. The Filing Receipt that was mailed on 5 June 2001, however, set out only the claim to the earlier filing date of PCT/SG00/00046 under 35 U.S.C. 120; it did not set out the priority claim under 35 U.S.C. 119.

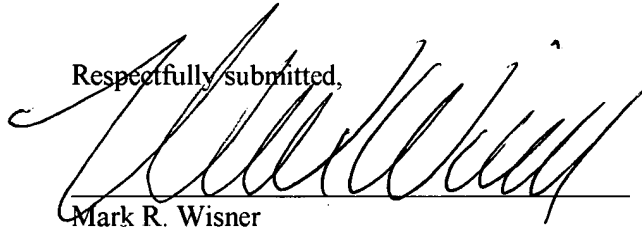

(2) Applicants requested correction of the 5 June 2001 Filing Receipt with a Request for Corrected Filing Receipt that was filed with a certificate of mailing executed on June 15, 2001. However, the Filing Receipt that was mailed on 6 September 2001 again listed only the claim to the earlier effective filing date of International Application No. PCT/SG00/00046 under 35 U.S.C. 120. It did not list the priority claim to the 7 April 2000 filing date of that same International Application under 35 U.S.C. 119.

(3) Applicants have also filed (with a certificate of mailing executed 16 July 2001) a Declaration executed by the inventors asserting the priority claim under 35 U.S.C. 119. Correction of the Filing Receipt to recite this priority claim is therefore respectfully requested.

Please return the enclosed postcard, properly date stamped, to the undersigned attorney for Applicants to acknowledge receipt of this filing. In the event any necessary fees were not included with this Request and/or the check is unsigned or is insufficient in amount, the Commissioner is authorized to charge the Deposit Account of Wisner & Associates, Account No. 50-0965 (ARTA,003) in the amount of any deficiency. If there are questions, it is requested that the below-signed Attorney for Applicants be contacted at the new address and telephone number set out below and in the Notice of Change of Correspondence Address filed concurrently with this Request.
